Learning from success: The Pavilion Annuals Improving practise and working together across health and social care

Parental Mental Health and Child Welfare Work Volume 1: A Pavilion Annual 2015

The first volume of Pavilion's new annual series brings together different perspectives on success and collaborative working for parental mental health and child welfare professionals.

Learning from success: The Pavilion Annuals are a yearly update on key research, policy and practice developments in the UK and internationally, as well as including some useful tools for managers and practitioners.

The primary aim of *Parental Mental Health and Child Welfare Work Volume 1: A Pavilion Annual 2015* is to capture different perspectives (policy, research, professional and family) about what constitutes success and the contributions that lead to success, and to share this information in ways that are accessible, useful, and usable for the broad range of professional groups involved in this complex area of practice.

Continuous professional development

Professionals within the social care sector are required to undertake Continuous Professional Development (CPD). Delegates can gain CPD points from attending our conferences and exhibitions. This conference may help towards your knowledge requirements at Quality Credit Framework level (QCF) level 3 – 8.
